What is Dropshipping?

Dropshipping is a retail fulfillment method where your online store sells products without keeping them in stock. When a customer orders, your store buys the item from a third-party supplier who ships it directly to the customer. You never handle or store the products yourself.

Benefits of Dropshipping

Low Startup Costs

No upfront inventory investment,
reducing financial risk.

Flexibility

Operate your business from
anywhere, anytime, with adaptable
hours.

Wide Product Selection

Offer diverse products without additional storage costs or physical inventory.

Scalability

Easily grow your business and expand offerings without physical inventory constraints.

Focus on Marketing & Customer Service

Dedicate more time to brand growth and customer engagement instead of stock management.
